27 Lonsdale Street, Braddon
Canberra, Australia

Julie Brooke untitled *gouache on paper* 2013

Implicit in Julie Brooke's complex geometric works on paper is a sense of rhythmic movement. Unlike the perfection achieved through digital media, Julie's mesmerising geometries are overtly handmade. Each image is the result of an intricate layering of lines which simultaneously suggest emergence and retreat and opening and closing.

Individually these works highlight Julie's interest in order, pattern and repetition. Collectively the works reveal an ongoing unfolding of ideas, each image forming a context for the next. In this light the current selection of works represents a fraction of possible arrays of line.
